SADLER ASKS FOR STREET SURVEY

State Highway Department Wants Exact Length And Width Immediately.

PLEASED WITH ELECTION

Commissioner Gratified by Splendid Results. Will Refer Survey Figures to Engineering Department.

Instructions from Lewis S. Sadler, commissioner of the state highway department, to survey Baltimore and Carlisle streets as soon as possible and to send the results to him to be referred immediately to the engineering department have been received by the Town Council.

This response comes as the second step in the street paving movement which was given such an enthusiastic start last week when the $35,000 bond issue passed by the overwhelming vote of 822-28.

In the letter enclosing the above instructions to the Town Council, Mr. Sadler expressed his gratification of the passage of the issue by saying:

"I note with pleasure the success of the street bond issue election for the purpose of permanently improving sections of Carlisle and Baltimore streets forming part of a primary route through your borough."

Commissioner Sadler also enclosed blanks asking for the total length and total width of the stretch to be paved as well as the length and width of the part of the construction for which the borough will pay. Assessed valuation, bonded indebtedness, present tax rate, and outstanding contracts of the borough must all be submitted to the department also.

"Upon receipt of this information," said the Commissioner, "I will refer it immediately to our engineering department for its attention."

Members of the Town Council expressed great satisfaction at the attitude of Mr. Sadler and believe that construction of Carlisle and Baltimore streets during the coming summer is virtually assured.

After some of the questions in the blanks have been answered at a session of the Town Council the next step will be to instruct S. Miley Miller, borough surveyor, to survey the two streets in order to furnish the State Highway Department with the proper information.

Inclement weather will prevent the survey from taking place for a short time but after it is made the Council will send the figures to Harrisburg immediately and the next move will then be in the hands of the Highway Engineering Department.

TO EXPAND RED CROSS SERVICE

Executive Committee Hears Peacetime Program Outlined by Field Worker.

EXTEND WORK GRADUALLY

Committee Appointed For Community Study. To Fill Out Questionnaires. Junior Red Cross Report.

Home service work which has been carried on by that branch of the Adams County Red Cross is to be continued and expanded under the peacetime program of the American Red Cross. This organization which has rendered valuable assistance to hundreds of service men and their families in the past will now broaden their field of energy to the entire Adams county as a community and its activity is to be known now as Red Cross work. This was the consensus of opinion of the members of the executive committee which met in the Court House Tuesday afternoon at 4:30 o'clock with Miss Rachael Staples, Red Cross field worker to discuss the work that the county chapter may do now that the war emergency duties are rapidly disappearing.

It was decided that many of the phases of the big peacetime program were impractical for the county and that in as much as the home service or community service had been started, was well organized and could be easily expanded that it would be better to confine the efforts of the county chapter with all of eighteen branches to community work.

With this purpose in view H. T. Weaver, chapter president, authorized the appointment of a committee, to be known as the "Know Your Own Community Better" committee, whose duty it will be to make a study of the county through questionnaires filled out by a representative member in every community. The following committee was appointed:

Mrs. W. Arch McClean, Mrs. Clyde Stover, W. Raymond Shank, Dr. Charles F. Sanders, Mrs. Donald P. McPherson, Miss Anna Hake, Mrs. H. A. Sanders, Mrs. M. R. Remmel, Miss Kate Briel, Mrs. Wayne Keet, Mrs. John Mumper, Mrs. Harry Cunningham, Roy P. Funkhouser, Donald F. Ikeler, Mr. and Mrs. Paul R. Pontius, and Miss Margaret McMillan.

It is the intention of the committee to have these reports in by February 23 at which time Miss Staples will return to Gettysburg and will make a tour of the county for the purpose of giving advice to the local committee.

Among the questions to be answered by the questionnaire method are: How far do most people live from a doctor?, What are the nearest hospitals available?, How many one-room schools?, Where do the children play?, What recreational activities are conducted by the schools?, What special recreation is there for the women of the community?, What churches are there in each community; denomination and membership of each?, and What factors of the life of the community and of the county as a whole bring the people together and develop the habit of joint action?

Professor W. Raymond Shank, chairman of the Junior Red Cross for the school term of 1919-1920, submitted this report showing that seventy five different schools had participated

SOLDIER HARD LUCK VICTIM

Discharged After One Year in Hospital Then Loses Bank Roll.

WAS WOUNDED FIVE TIMES

Former Captain in Tank Corps Was in Five Major Engagements in France. To Make Home Here.

Hard luck seems to be following Raymond A. Martin, of Oceanside, Long Island, who claims to be former captain in the 301st Tank Corps, who was stationed at Gettysburg in 1917 and who has just returned to Gettysburg to make his home. Wounded five times and gassed in three of the major engagements, Captain Martin while on his way from Philadelphia to Gettysburg was robbed of all his funds, consisting of $375, his discharge papers and his army revolver. He is now a guest at the home of Mr. and Mrs. James Aumen, West Middle street.

Still suffering from the effects of severe gassing from which he laid in hospitals in France and Germany for exactly twelve months, the former Tank Corps officer has decided to become a citizen of Gettysburg. While the War Department is seeking a trace of the soldier who picked his pocket on the train Mr. Martin is looking for a clerical position here.

After training in Gettysburg with an infanty outfit, he, with the tanks went to Camp Worgret, England, where after a month of intensive training was ready for the front lines in France. On September 12, 1918, the 301st, the first complete heavy tank unit that went into action, were at St. Quentin facing the German

ARREST GIRL AT CAPITAL

Mary Gutermuth in Jail Here On Charge Of Theft.

Mary Gutermuth, twenty year old girl charged with stealing a $50 Liberty bond from the residence of John Eiker, South Washington street, was arrested in Harrisburg and brought to Gettysburg, Tuesday night, by Chief of Police Andrew Weikert. Constable Wilson turned the girl over to the custody of the sheriff.

After her arrest Miss Gutermuth revealed that she had cashed the bond but immediately redeemed it and gave up the money. She said that she was innocent of stealing the bond from the Eiker residence before she left Gettysburg and intimated that she would prove her innocence when heard before a justice of the peace.

LARGEST DIRIGIBLES

One Being Built And One Being Planned by American Navy.

(By Associated Press)

Washington, February 11—Two super-dirigibles, the largest in the world, are planned by the Navy and one of them now being built in England will attempt a transatlantic flight next fall, Captain Craven, director of naval aviation, today told the House Naval Committee. American naval officers and enlisted men who will fly the British built ship to America are in England now training for the flight.

In asking $2,700,000 for construction of a second super-dirigible Captain Craven said this vessel would be fifty feet longer than the British built craft which is 644 feet in length.

MAY ESTABLISH ARMY POST HERE

Recruiting Sergeant Expects 48th Infantry to Come to Gettysburg.

"Gettysburg will become a permanent camp for the 48th infantry regiment according to unofficial advices that have reached our recruiting office at Chambersburg," was the interesting statement made today by Sergeant E. T. Terry who will be at the local past office for the next four days on the look out for promising army recruits.

Sergeant Terry said that there was nothing official in the news that Gettysburg would again become an army post but that he believed the news was authentic as it came from Camp Jackson, South Carolina, where the 48th Infantry is now stationed.

Under the new military organization Pennsylvania is to become the site of four camps for Infantry regiments and the report circulated by Sergeant Terry evidently comes as a result of the expected move of troops within the borders of this state.

The sergeant says that the report was advance information that has not been acted upon at Washington as yet and that he would communicate with Camp Jackson immediately to find out the latest developments in the matter.

During his four day stay in Gettysburg he will enlist recruits for all branches of the service and for duty in any country.

TO CONFER WITH STATE HIGHWAY

County Commissioners Will Discuss 1920 Program With Lewis Sadler.

In order to discuss the best possible means of co-operating with the State Highway Department throughout the coming summer and to learn all details of the extensive road and bridge building program mapped out for Adams county in 1920 the Adams county commissioners plan to go to Harrisburg on Thursday morning.

Several weeks ago the county board received word from Joseph W. Hunter, of the highway department who has been here frequently, that Commissioner Lewis S. Sadler was desirous of seeing them concerning the erection of bridges across Middle and Marsh creeks on the Emmitsburg road and Conewago, Bermudian, and Latimore creeks on the Harrisburg road as well as talking over the general Adams county situation.

Owing to court being held during the last week in January and other unavoidable circumstances arising the commissioners were unable to state any definite date for the meeting until at their weekly session on Tuseday afternoon they decided to go on Lincoln's birthday.

Reuben H. Lupp, William Linn, and Walter C. Snyder, the commissioners, George W. Baker, their clerk, and J. Donald Swope, their attorney, expect to make the journey.

As much attention will be paid to discussion of roads, probably, as to bridges as the state has appropriated almost $1,000,000 for Adams county thoroughfares in 1920 and the department deems the co-operation of the county board extremely necessary if the money is to be spent to the best advantage.

BLUE RIDGE SURE FOR COMING YEAR

Representatives From Five Cities Hope to Get Carlisle as Sixth.

SALARY LIMIT JUMPS

Gettysburg, Hanover And Cumberland Not Mentioned in Organization Plans.

In Gettysburg the Blue Ridge baseball league is but a memory but in Chambersburg, Frederick, Martinsburg, and Hagerstown it again has become a stern reality.

That the organization which became defunct in 1917 after three years existence has been revived for another year seems assured according to reports of a meeting held in Hagerstown on Tuesday afternoon.

J. V. Jamison, Jr., president of the old league, who presided at the Tuesday conference, stated that the meeting was among the most enthusiastic he ever attended.

Twenty five men were there, representing Chambersburg, Hagerstown, Frederick, Martinsburg and Waynesboro. The last named is a newcomer in Blue Ridge ranks and their five delegates brought the most glowing report of any of the towns present. The Waynesboro men are strongly in favor of league membership. They stated that last season each of the big industries put up $1,200 for the industrial league, which was going strong when the strike put the quietus on it. Waynesboro is ready to provide $4,000 to finance a league team, the delegates asserted.

Although Martinsburg does not now have a field, their delegates say that if there is a league they will be there when the bell rings. Hagerstown and Frederick are ready.

Tuesday's conference favored a six club league and President Jamison was authorized to appoint a committee to go to Carlisle to seek to have it place a team in a six-club league, the presumption being that Chambersburg will start. If Chambersburg and Carlisle stay out, the other four clubs will form the league.

Plans were talked over. The salary limit would be placed at $1,600, including a manager, and twelve players. The rain guarantee would be $35 and the visiting club would get 50 per cent of the gate receipts, $50 being guaranteed. Grandstand receipts go to the home club, and the league gets 10 per cent of the receipts. The general admission would be 40 cents, which includes war tax.

T. K. Scheller, L. G. Lyons and H. B. McNulty represented Chambersburg at the conference and after they reported it was decided that there should be a mass meeting on Friday night, at 7:30 o'clock when Chambersburg fans shall decide whether they want a team in the league. If they decide yes, then they will elect delegates to attend the league meeting in Hagerstown on February 24, when the league will be organized.

CLUB TRIP CANCELLED

Influenza In Altoona Makes Necessary to Postpone College Tour.

Thirty disappointed young men will attend classes at college next week instead of touring Pennsylvania with the combined Musical Clubs of the college. Practically on the eve of their departure, Manager C. C. Kattenhorn was notified by the Altoona people that due to the existing influenza conditions there it would be necessary to postpone the concert there. So with uncertain conditions existing at college, and with flu raging in Altoona it was deemed advisable by the management to postpone the entire trip to a later date.

Mr. Kattenhorn had been working hard and had one of the most attractive trips arranged for this year in the history of the clubs. Harrisburg, Altoona, Indiana, Bedford, Williamsport, Hazelton and York were included in the big trip while Hanover, Chambersburg, Hagerstown and other cities nearby were to be made by week-end trips.

WOULD ABOLISH JUSTICE OFFICE

The Constitutional Amendment Would Have Court Name Officers.

THEY STIR UP LITIGATION

Amendment Provides For One Justice of Peace For Each 50,000 Population. Present System a Failure.

Justices of the Peace in this county would no longer be elected but appointed by the Governor directly if the constitutional amendment abolishing the offices of justice of the peace and alderman as now constituted which was introduced Tuesday by Attorney General William I. Schaffer before the session of the State Constitution Revision Committee.

Mr. Schaffer submitted his plan after Judge John P. Kelly had spoken on the feeling aroused against justices in many boroughs by their conduct, especially in "stirring up unnecessary litigation." He said he had received letters urging abolition of the office and felt personally there were too many. Mr. Schaffer remarked that the "worst misunderstandings that foreigners appear to have of our form of government seem to have arisen from contact with minor judiciary", and that he had drafted the substitute as a means of meeting one of the crying evils.

One For Each 50,000

The Schaffer amendment would provide one magistrate for each 50,000 population in cities having under 400,000, and one for each 100,000 in those having over 400,000. The terms are to be six years, the period of residence to qualify two years.

Mr. Schaffer also introduced a substitute for the Philadelphia magistrate section, which would have the Philadelphia courts fix districts instead of the Legislature as proposed by the committee.

Both substitutes were laid over until later in the day after James Gay Gordon had made criticism of the Philadelphia magistrates as now existing. He declared the present system had proved "a failure" and that "an enormous majority" of the people of Philadelphia would like to see a change. The character of some magistrates, said the Judge, has been such as to arouse criticism and not to hold public confidence. He also declared the present plan "altogether obnoxious to the people" and to be due in part to political condition.

The Judge said now the majority can do as it pleases in elections in the city at large, but, under the new plan, selections of magistrates would be by districts. He made the further point that the new plan would afford a means of regulating practice through the Supreme Court and that business would be facilitated.

COMPLETE IN CENSUS

Cincinnati First City to Finish The Count.

(By Associated Press)

Washington, February 11—Cincinnati was the first city to complete its Fourteenth Decennial census enumeration, it was announced today at the Census Bureau. The last portfolio was turned in February 9 but it will probably be two weeks before the census can be checked and the final total announced.

The District of Columbia completed its count today and the announcement of the population is expected within two weeks.

Announcement of the result of the population count in the various cities will be made in the order in which the returns are received, it was said at the Bureau. It is expected possible to announce the population of the country by October.

League Council Marred by Absence of United States. Berlin Students Will Protect Those Demanded.

(By Associated Press)

New York, February 11—Five to ten years in the state prison was imposed by the Supreme Court today on Benjamin Giplow, former assemblymen convicted of violating the state criminal and anarchy statutes. The charges preferred were the result of articles advocating the overthrow of the government by force which were published in the Revolutionary Age of which Giplow was the business manager.

Giplow's sentence was the maximum which could be imposed for which he was convicted. Motion for a new trial and an arrest of judgment were denied. Giplow was taken to Sing Sing prison to begin his sentence.

League Council Meets

London, February 11—The Council of the League of Nations formally opened its meeting here today. Arthur J. Balfour, representing Great Britain, assumed the chair.

In his speech of welcome to the delegates Mr. Balfour said there was only one blot on the meeting and that was that there were only eight nations represented instead of nine. He said it was not desirable to touch on the absence of the United States but referred to it as marring the symmetry of the original plan of the League.

STOCK REPORT

Heavy Liquidations Cause General Slump In Market.

(By Associated Press)

New York, February 11—Stocks dropped 2 to 8 points in the local market today as the result of further heavy liquidation. Brokers and commission houses reported heavy selling from interior centers. Heavy enforced selling for the accounts of traders who were unable to meet the demands on the impaired margin were noted. Opening prices were only moderately lower but reactions became general before the end of the first hour. Developments which usually govern the price of stocks such as the money rate and foreign exchange apparently ceased to have any direct influence, although prices rallied somewhat before noon when call money opened at eight per cent.

RAIL STRIKE NOW LOOMING NEAR

Government Faces Most Critical Situation. Wage Question Deadlocked.

LEADERS IN STATEMENT

Conferences Between Director General Hines And Representatives of Workers May Determine Outcome.

Washington, February 11—The Railroad Administration, nearing the end of its control over the nation's rail transportation systems, last night faced a critical situation with respect to the wage demands of more than 2,000,000 employes. Conferences today between Director General Hines and leaders of the workers' unions, probably will determine the outcome of the situation.

Officials of the unions submitted to the Director General at Tuesday's meetings a new statement which served to open up all important questions, on which the two sides were at variance, and will require further discussion before a settlement can be reached. Mr. Hines informed the union leaders he would reply today to their new statement of claims.

Meanwhile W. G. Lee, president of the Brotherhood of Railroad Trainmen, was pressing Mr. Hines for an answer to the demands of his individual organization and insisting that the trainment were ready to strike unless a satisfactory settlement was reached. Railroad Administration officials also received informal notice that they must contend with a strike called by the Brotherhood of Maintenance of Way Employes and Shop Laborers.

Causes Concern

Further than admitting that he had given the Railroad Administration the required 30 days' notice of intention to cancel the present wage contract on February 23, Mr. Lee declined to discuss the plans of his organization. The strike vote taken under his instructions was said to show a large majority of the trainmen favorable to a strike.

This last phase of the situation was giving Railroad Administration officials concern because, should the trainmen walk out, an almost complete tie-up of traffic could be the only result. The thousands of engineers, firemen and conductors could not operate the trains, for in many states they would be forbidden to work under "full crew" laws unless all trainmen required were on duty, it was explained. Union bylaws also prohibit other employes from taking out trains not manned by the regulation number of brakemen.

Barker's Action

Officials of the other three train operating unions were declared not to be supporting Mr. Lee aggressively in his demands, although he was said to have communicated with each of them before notifying Mr. Hines of his intention to cancel the wage agreement. The communication of the trainmen's president was said to have been merely a request for a statement from the other unions as to their objections, if any, to the proposed action. The leaders are understood to have replied they had no objection, but declined to commit themselves as to supporting the proposed move.

The action of President Barker, of the Maintenance of Way Employes, was declared again by Railroad Administration officials to be in violation of his wage agreement. It was said Mr. Barker had signed the agreement only last November 22, and that it had gone into effect on December 16. A search of the files in Mr. Hines' office was declared to have revealed no communication cancelling the agreement with the government. Mr. Barker and committee of ten are expectd to reach Washington today to attend the conference of union leaders on Mr. Hines' proposals.

CALLS FOR FLU REPORTS

Health Commission Wants Reports On All Deaths.

Commissioner of Health Martin last night called on all local registrars to report at once all deaths from influenza or pneumonia so that better data regarding severity of the outbreak can be compiled.

Eighteen counties and Philadelphia and Pittsburgh Tuesday reported 2,685 cases of influenza and 192 pneumonia with a total of 195 deaths.

In a statement issued the health department said:

"Reports from various sections of the state indicate that influenza is very widely spread, but generally speaking, it is of the mild type. Figures submitted do not indicate by any means exactly the prevalence of the disease. Physicians in many localities are not rendering complete reports, partly because they do not regard mild cases as influenza. The death rate is the only accurate means of measuring the severity of the disease."

THEY CONTRADICT SIMS' TESTIMONY

Congressman Tells of Reflections on the Army. Admiral on Stand.

Washington, February 11—The controversy over naval war decorations took a new turn Tuesday before the Senate investigating committee, the question of just what was said in conversations between Rear Admiral William S. Sims and a trio of members of Congress in Paris during the war, displacing to some extent inquiry into changes made by Secretary Daniels in decorations recommended by Admiral Sims.

The officer was recalled to supplement his previous testimony. Chairman Hale, of the committee, pointing out to him that the Secretary had appeared since the Admiral's first hearing. It was in answering some of the statements made by Mr. Daniels that Admiral Sims touched upon the question of conversations he had with Representatives Byrnes and Whaley, of South Carolina, and Senator Glass, then Representative from Virginia.

Secretary Daniels, before the committee, had referred to a speech in the House by Representative Byrnes in which the South Carolina Representative asserted that Admiral Sims had told him the armistice was forced on the Allies by failure of the American Army to break through the German lines, the failure being due to a collapse of the American service of supplies.

Sims' Explanation

Admiral Sims yesterday denied that he had made such assertions, except as to repeating rumors then current in France and which, he said, he warned his visitors not to believe. He denied flatly other statements attributed to him by Representative Byrnes, said to belittle the part of the American Navy in the war, and asserted he had not told Byrnes and his associates that the American merchant marine should not be developed and the seas left to Great Britain.

PROVOST SMITH FIRM

Will Not Reconsider His Action In Resigning.

Dr. Edgar Fahs Smith provost of the University of Pennsylvania, who has submitted his resignation to the board of trustees said Tuesday he would not reconsider his action and that he expected his resignation to be accepted.

Great pressure was brought to bear on the provost Tuesday to reconsider his resignation and a movement is on foot to give him one or more assistants in the administrative side of the provost's duties. In the meantime there has been little discussion of a successor to Dr. Smith, if he continues to insist on being relieved of his duties.

"I am a poor man," he said Tuesday; "for forty four years I have been a teacher and there are no riches in that. There is no wealth to be obtained writing text books on chemistry. I have just concluded the first formality in an application to the Carnegie pension fund for educators. My work here is done."

Orange, New Jersey, February 11—Municipal buildings, places of business, and private homes here were decorated today with flags and bunting in honor of the seventy third birthday of Thomas A. Edison. Mayor Lohr in a public proclamation extended to Mr. Edison the city's congratulations and expressed the hope that he would "celebrate many more birthdays and continue in good health to further better interests of mankind."

President Wilson was among those who sent messages of congratulations to Mr. Edison.

REV. GEORGE BAUGHMAN

Graduate of Theological Seminary Is Dead At Uniontown.

Rev. George W. Baughman, a retired Lutheran minister who graduated from the Gettysburg Theological Seminary many years ago, died recently at his home in Uniontown, Carrol county, Maryland.

Before taking his theological course at Gettysburg, Mr. Baughman was principal of the Greencastle public schools for awhile.

His first ministerial charge was in Everett. Later he was called to the pastorate of the Lutheran Church in Uniontown where he preached for more than twenty years.

FLOUR DROP AGAIN

Price in Minneapolis Is $1.00 Lower Than Last Week.

Minneapolis, February 11—For the second time within a week flour dropped fifty cents a barrel at the market here today, The decline is attributed to the uncertain and erratic wheat situation. Standard flour in 98 pounds sacks was quoted at $13.25 a barrel, $1.00 lower than a week ago.

UNDERSEA CRAFT ADRIFT IN STORM

Four United States Submarines Lost by Their Mother Ship.

A SEVEN DAYS' BATTLE

Crew of Eagle Arrives at Old Point Exhausted. Encountered the Worst Storm in Years Near Bermuda.

Old Point, Va., February 11—When the United States submarine tender, Eagle 17, came in the Virginia Capes Tuesday she brought news that four submarines she started with from Bermuda, had been taken away from her during a terrific storm and she had been unable to learn their whereabouts although she had tried for five days to find them or get into communication with them.

The Eagle left Bermuda with submarines L-2, L-3, L-4 and L-11. She was to escort them to Hampton Roads, where they were to remain awhile and later join the Atlantic fleet now in Cuban waters. The little underwater crafts were to receive minor repairs here and take on needed supplies before starting on the voyage to Cuba.

When 24 hours out of Bermuda, the Eagle and her charges encountered the worst storm the men had ever experienced. The wind reached a velocity of 80 miles an hour and the sea became so rough the boat was standing on her beam ends most of the time. It was impossible for those on board the Eagle to remain on their feet, and the little craft was tossed about at the mercy of the seas. She even took water through her funnel and her fire became unmanageable. Her crew worked for three days and three nights to keep their ship afloat.

The vessel was blown many miles off her course, and when she found herself she was way to the southward of Bermuda. The storm did not lessen its fury for three days, and the supply of drinking water ran short. The Eagle sent out wireless calls but got no response. She followed the lane that the submarines were supposed to take in their voyage, but found no trace of the missing boats. All the way up the coast she kept up the search, and when she came in the Virginia Capes Tuesday she reported that her charges had disappeared.

The crew of the Eagle were almost completely exhausted when they reached this port. They had been without proper rest for seven days. The Eagle was in command of Lieutenant Tibbals, but he was so fatigued after his experience with the storm he declined to see newspaper men last night. Admiral Fechteler, commanding the Fifth naval district, said he was hopeful that the submarines would put in their appearance today. He says he does not believe anything serious has happened to them. He says he is preparing to send destroyers to sea to search for the missing boats.

The missing submarines left this port some time ago to engage in Southern waters. They were accompanied by the Eagle, which is known as the mother ship of the fleet.

forces. From this time until November 9, two days before the armistice was signed, Captain Martin and his battalion saw continuous action in the battles of the Argonne, Meuse, St. Mihiel and Marne.

Captain Martin, who says he commanded fifty tanks, was first wounded in St. Quentin while acting as observer in the first tank of the battalion. He was observing from the peek hole the advance that was being made when he was struck by a Hun machine gun bullet over the right eye. Although dazed the officer stayed with the tank and directed the action until the end of the engagement.

On another occasion while cutting barbed wire at St. Mihiel while preparing for a tank attack he was wounded in the right thumb and again in the Battle of the Meuse he was severely wounded in the left foot with a bayonet. He was gassed at the Marne, St. Quentin and the Argonne.

It was in the Argonne after going through the heavy engagements preceding it with only mere "scratches" that Captain Martin received a gassing that made him a hospital case. Shipped from one hospital in France and Germany to another for a whole year the Captain was finally ready to be brought back to this country in January of this year. He was discharged February 4 after nearly four years of continuous service.

ASK INQUIRY IN POSTAL SERVICE

Merchants' Association of New York Charges Breakdown. Want Investigation.

New York, February 11—The Merchants' Association, of New York, announced last night that a "congressional investigation of the causes which have brought about the breakdown of the postal service" has been requested through Senator Charles Townsend, chairman of the committee on post offices and post roads. Numerous and continuous complaints as to mail delays, it was stated, show that the post service "is now and long has been at a low level of efficiency in speed and regularity of movement."

The points essential to an adequate investigation by Congress to the Post Office Department's efficiency, are summarized in a letter to Senator Townsend as follows: "Reduction of the railway post office service; concentration of mails upon railway trains in the smallest possible space; assortment of mails in numerous terminal stations instead of during transit; elimination of pneumatic tubes and the substitution of autos for the local transportation of mails."

The association concedes that the cost of the service has been reduced, but contends that it has been effected "only by a general widespread and serious impairment of the efficiency of the service," and urges the investigation in order that "proper standards may be restored."

Senator Townsend was further informed that records of the association for 1919 show that of 7,900 letters handled 2,229, or 28 per cent, were delayed. Slow movement of first class mail was particularly noticeable in the tests, while third and fourth class mail "is subject to far greater delay, often so extreme as to destroy usefulness." Losses by theft of parcel post shipments are so serious, it is charged, that insurance rates have become almost prohibitory.

JAMES B. FUHRMAN

Former Resident Dies Suddenly From Pneumonia in Middletown.

James B. Fuhrman, a former resident of Gettysburg, died suddenly after a lingering illness from plural pneumonia at his home in Middletown this morning. He was aged 44 years, 2 months and 10 days.

Mr. Fuhrman was a son of the late Daniel and Sarah Fuhrman, of Gettysburg.

He is survived by his wife, who was Miss Carrie Garman, of Middletown. His mother, two sisters and a brother also survive, Mrs. E. F. Stallsmith and Walter Fuhrman, both of Cleveland, Ohio, and Mrs. George Weikert, of Gettysburg.

Funeral Saturday afternoon. Interment in Middletown.

ENACT OLD LAND BILL

Senate Adopts Measure for Development of Government Owned Land.

(By Associated Press)

Washington, February 11—Enactment of the oil land leasing bill was completed today by adopting the conference report by the Senate. The bill now goes to the President.

„The Senate action terminates a ten year fight.

The bill provides leasing for development of government owned oil, coal, gas, phosphate, sodium and oil shale land by private enterprise and affects approximately 75,000,000 acres of public domain, principally in western states.

TO REFORMATORY

Sheriff Hartman Leaves With Boy Sentenced to Glen Mills.

John W. Hartman, sheriff of Adams county, left for Philadelphia this morning with Charles E. Weaver, of Gettysburg, in his custody. Young Weaver recently was sentenced by the court to serve an indefinite term in the Glen Mills reformatory for assaulting Rev. Andrew Smith, superintendent of the Hoffman Orphanage.

Prisoners sentenced to the penitentiary already have been taken to Philadelphia and the departure of Weaver ends the general exodus from the Adams county jail for the present.

DIVISION OF INDIANS

Troops To Be Part of Reorganized Army.

(By Associated Press)

Washington, Feb. 11—A proposal to organize one or more full divisions of Indian troops as a part of the reorganized army and to be known as the North American Indian division or divisions, is pending in Congress as part of the army reorganization legislation.

Many instances of exploits of personal heroism on the western front, such as won for the Red Men in France the nickname of "squirrel hunters" because of the deadly accuracy of their rifles in sniping contests with Germans, were furnished the committee as evidence of valuable man power which it is contended would be wasted if the Indians are denied a place in the army scheme.

Expertness at scouting and patrolling, particularly at night and in unknown territory; disregard for personal danger under fire and unfaltering loyalty, were among the soldierly qualities the Indian was described as possessing to an unusual degree.

Specific cases are cited by Dr. Joseph Kossuth Dixon, secretary of the National American Indian Memorial Association, of which Rodman Wanamaker of New York is founder and president. Dr. Dixon also read a letter from General Pershing giving his "hearty approval" to a plan to enlist Indian regiments.

REDS DROWN 1100

Send Shell Through Vessel Carry Women and Children.

(By Associated Press)

London, February 11—A wireless dispatch from the Soviet government at Moscow today says:

"According to a message from Novo Rossisk when the transport Karanti with officers, officials, and their wives and children aboard numbering 1400, left Mariupol (in the Russian province of Yekaperinoslav) on the approach of the Bolsheviki the volunteer army incensed at being left behind fired on the ship. A shell pierced a boiler and the transport sank with all on board.

Miss Marie Mowery, who is employed with the Public Service Commission, spent Sunday at the home of Mr. and Mrs. W. E. Kapp.

Dr. G. K. Strode, chief in the division of Public School Health, Harrisburg, will address the Home and School League on "Medical Inspection" on February 20th.

S. G. Bigham is spending some time in Philadelphia.

The many friends of Rev. S. A. Diehl, formerly pastor of St. Paul's Lutheran church, in this place, will be glad to know that he is recovering from an operation which he underwent in the Harrisburg hospital some time ago.

Miss Kate Briel, of Gettysburg, was a recent guest of Rev. and Mrs. S. F. Tholan.

INVESTIGATE OWN CRIME

German Assembly Says They Will Punish Their Guilty.

Berlin, February 11—The committee on foreign relations of the National Assembly Monday decided to support the government's stand in declaring "the ethical and patriotic indignation of the German people at the Allied demand for extradition of Germans accused of war crimes is physically impossible and would produce internal insurrection.

Independent Socialists refused to subscribe to this declaration, which was adopted at the meeting of the committee which lasted for three hours Monday afternoon.

The government has decided to submit the official extradition list to the first attorney general at Leipzig, with instructions to investigate the offenses listed and determine whether the charges made by the Allies can be punished under the German criminal or civil codes. He will also be asked to determine what extent these charges trespass upon the rules of warfare. It is presumed the attorney general will proceed on the ground that the Entente list presents material evidence against German subjects and may prosecute the accused in the same manner as if the charges had been filed in any other way.

NEAR CLASH IN MEXICO

Customs Guard and Troops Were Nearing Battle.

Nogales, Arizona, Feb. 11—A clash between Mexican customs guards and Americans was narrowly averted Monday night when a Mexican was shot and seriously wounded by a member of the United States military police firing at an escaping prisoner.

F. Lopez, charged with theft and smuggling, detained by United States customs officers, while a car was being sought to convey him to jail, made a break for liberty. A military policeman on duty at the customs house fired on the fugitive. The bullet struck another Mexican standing some distance away.

Instantly there was the wildest excitement, but authorities on both sides of the border at once co-operated in bringing about an understanding. The wounded man was rushed to a hospital and the soldier who did the shooting was detained.

Lopez, the fugitive, was recaptured.

Mrs. Parvin Bower, Mrs. Isaac Tanger and Nellie Kennedy recently visited relatives in Harrisburg.

Mrs. John Brough and daughter, Dorothy, spent several days recently at the home of Mrs. Peter Brough, of Latimore.

FRANKLIN BAR FAVORS SADLER

Endorse Cumberland County Judge in His Candidacy For Supreme Court.

In resolutions stating that Judge S. B. Sadler of the Cumberland county courts, "is well known to this bar as one of the ablest lawyers in the state," the Bar Association of Franklin county at its meeeting Monday endorsed Judge Sadler as a candidate for the supreme court of Pennsylvania. The resolutions were presented and on motion of Walter K. Sharpe, seconded by Arthur W. Gillan, were adopted unanimously by the association. The resolutions follow. They were signed by O. C. Bowers, president, and Albert Strite, secretary pro tem.

Whereas, a vacancy will occur in the supreme court of Pennsylvania January 1, 1921, by reason of the expiration of the term of office of Honorable J. Hay Brown, the present chief justice; and we understand that Honorable S. B. Sadler, president judge of the ninth judicial district, is being urged by his many friends to become a candidate for the supreme bench; and,

Whereas, Judge Sadler is well known to this bar as one of the ablest lawyers in the state, and has for the past four years filled the office of president judge with marked ability;

Resolved, That the Bar Association of Franklin County endorse Judge Sadler as a candidate for the supreme court and urge the voters of this county and the state at large to give him their support:

Resolved, That copies of these resolutions be furnished to the newspapers of the county for publication, and that a copy be sent to Judge Sadler.

BERLIN ACCUSES ALLIES

Germany is Framing Counter List of Violators.

Berlin, Feb. 11—Germany is preparing lists containing the names of Allied soldiers and high officials who are accused by the Berlin government of violations of the laws of war, and plans to submit it as a counter-proposal to the demand of the Allies for extradition of Germans who are alleged to be war criminals.

This list is in the course of compilation, and it is expected it will soon be ready for publication and delivery. It will contain specific indictments based upon alleged authenticated material which is on file in the German archives. It was stated Monday night Germany, however, would not demand extradition of the men named in its indictment.

LANDMARK TO GO

Bermudian Meeting House, Old Building, Being Razed.

The old meeting house one of the oldest landmarks in Adams County, has been bought by George P. Livingston who will tear it down and use the lumber in constructing buildings about his farm.

The total sale amounted to about $100 which was equally divided among the four churches: Red Mount Evangelical, Bermudian Reformed and Lutheran, and the Brethren church at Latimore.

MAKE EGG RECORD

Thirty Nine Hens Lay 668 Eggs in a Month.

Bridgeville, Del., Feb. 11—Under ordinary farm conditions thirty nine hens owned by Mrs. W. L. Reynolds, near Bridgeville, broke all records in this section for egg-laying and proved that the poultry business is at present a lucrative one.

Last month the flock laid 668, beside those consumed by the family, of which no record was kept. The eggs sold for about $40, or a production of $1 each per hen.

The average for each hen was seventeen eggs for thirty one days. No fancy feeding was given. only the ordinary corn and oats fed to farm fowls.

MAY DISCIPLINE PASTOR

Because He Married A Divorcee Without Ample Proof.

Boston, Feb. 11—Latest developments in the elopement and wedding of Laurens Morgan Hamilton and Mrs. Gertrude Warren indicate trouble for the Rev. Charles V. Brine, rector of Christ Church, Portsmouth, N. H., who married the pair. It is said that unless it can be definitely established that Hamilton's bride is not a divorced woman, the rector must stand trial before the Episcopal bishop of New Hampshire, as there is a canon of the Episcopal Church which forbids the marriage of divorced persons except for special reasons, and then only on proof.

Bishop Parker received no such document.

The only obstacle in the way of this trial is the proof that Mrs. Hamilton is not the Mrs. Gertrude Warren, who was twice married and once divorced. Both the bride and bridegroom have insisted that the twice married and once divorced Mrs. Warren is another woman.

GOODWIN MENTIONED

Former Blue Ridge Star Now Recognized Spit Ball Artist.

The name of Marvin Goodwin, former Martinsburg pitcher who was recognized as the premier hurler of the Blue Ridge league in 1916, is mentioned as a leading spit ball pitcher of the National League in a controversy over the eligibility of users of the moist delivery.

National League owners, in addition to adopting a schedule of 168 games for the 1920 season on Tuesday accepted the new rules agreed upon at a meeting of the joint rules committee of the American and National Leagues Monday.

The new rule regarding spitball pitchers was contested by St. Louis, for whom Goodwin plays, and instead of limiting each club to two pitchers, as will prevail in the American League this season, it was decided that all clubs will be permitted to play every spitball pitcher now on their roster.

A list of recognized spitball pitchers was presented, and these men will be allowed to use the "spitball" during the coming championship race. The list:

Boston—Rudolph, Fillingim and Keating.
St. Louis--Doak, Goodwin and Tuero.
Tuero.
New York—Douglas.
Brooklyn—Mitchell and Grimes.
Philadelphia—Hogg.
Cincinnati—Fisher.
Chicago—Hendrix.
Pittsburgh—None.

ARBITRATION BOARD

Will be Controlling Body of Local Ward League.

After outlining the duties of the president of the ward league the constitution has the following to say about four other officers and the important Board of Arbitration:

"It shall be the duty of the vice president to fulfill the duties of the president in his absence. He shall take up the contributions at every game or see that it is done.

"It shall be the duty of the secretary of the league to keep a record of the meetings of the officers and to be present at all meetings of the Board of Arbitration to record the actions of that body. He with the president shall sign all orders for the payment of bills.

"It shall be the duty of the treasurer to deposit in one of the banks of the town all moneys of the league and to pay by check all bills only upon written order of the president and secretary. At the close of the season after all bills have been paid and his accounts audited he shall turn over the balance to the treasury of the Kurtz Playground Association.

"It shall be the duty of the Board of Arbitration to settle all disputes which arise from protested games. The decision of this board shall be final. Any person or team which refuses to abide by the majority decision of this board shall be dropped from the league. The members of the Board of Arbitration for the coming year shall be elected by the voting membrs of the teams at the close of each baseball season. It shall also be the duty of the Arbitration Board to provide two umpires and two substitute umpires for each game. To this board alone the umpires shall be responsible. In every dispute the Board of Arbitration shall be the ultimate and final source of appeal."

OFFICIALS BANQUET

Joseph Galbraith Gives Sumptuous Meal to County Officers.

Piles of ponderous dockets, official documents, and record books that confronted the gaze of six Adams county officials during Tuesday afternoon were replaced a few hours later by tender goose meat, stuffing, delicious sweet and mashed potatoes, corn, peas, sauer kraut, ice cream, and cake as they sat down to a sumptuous meal given by Joseph Galbraith, court house janitor, at his home on West Middle street.

Due to poor road conditions the county commissioners and a few other officials were unable to be present but Charles W. Gardner, former register and recorder and present deputy sheriff, seemed to express the sentiment of the guests when he said: "I am very sorry that they are not here but their loss is our gain."

Horace E. Smiley, register and recorder; Roy E. Zinn, treasurer; Arthur Roth, clerk of the poor board; John W. Hartman, sheriff; J. R. Hartman, clerk of the courts; Mr. Gardner, Norman J. King, former sealer of weights and measures; and T. J. Lovell were included as guests at the feast that was a repitition of the one given four years ago by Mr. Galbraith.

ESTATE OF PETER KREADY, late of Hamiltonban Township, Adams County, Pa., deceased.

Letters testamentary on the last will and testament of Peter Kready, haing been granted to the undersigned all persons indebted thereto are requested to make immediate payment and those having claims or demands against the same, will present them properly authenticated without delay for settlement.

STOUGH DENIES SLUR

Evangelist Accused of Belittling Ex-Service Men.

Lancaster, Feb. 11—St. Paul's Reformed church, where Dr. Henry Stough, evangelist, is conducting services under the auspices of local ministers, was the scene of an unusual occurrence Monday night.

Dr. S. E. Snyder handed the evangelist a newspaper containing a report of a meeting of the Y. M. C. A. Sunday afternoon in which, Dr. Stough was reported as saying: "In the name of patriotism Christians places their girls in the arms of riffraff and scum because they wore the khaki." The evangelist denied saying this, declaring that he said.

"That the service took in a great many men who were riff-raff and scum, and also men of fine character, who also wore the khaki, and girls danced with men, throwing themselves into their arms without discriminating between the riff-raff and scum and men of character. No reflection was meant on service men in general.

SINCE 1870
SHILOH
30 DROPS STOPS COUGHS

McKeesport Oil & Drilling Co.

INCORPORATED

CAPITALIZATION $250,000

NUMBER 1 HAS FLOW OF 2 MILLION FEET IN ELIZABETH SANDS. 500 FEET MORE TO THE SPEECHLEY SANDS.

According to all rules of the game this well should be a big producer. Drillers are working in two shifts; one shift comes on at noon and works until midnight, another shift continues the work from midnight until noon.

Over $100,000 is in the Treasury to be used to extend operations as the Officers and Directors see fit

The Board of Directors met Jan. 20th to discuss details for further expansion.

DUE TO THE HEALTHY CONDITION OF THE COMPANY IT HAS BEEN PROPOSED THAT THE PROFITS FROM PRODUCTION WILL BE PAID IN DIVIDENDS.

Gas and oil usually run in stratas and sands. The stratas usually follow certain ridges or anti-clines as they are termed by gas and oil men.

In any gas or oil field the pioneers usually are in a position to secure the choicest leases in the field.

Experienced gas and oil men, all pioneers of McKeesport Gas Belt, picked the locations that we are drilling on

OUR NUMBER TWO LOCATION IS DOWN 1,680 FEET

This location is about 100 feet from the MURRAYSVILLE ROARING ANTICLINE.

The Etna-Mars brought in recently a big producer on a direct line 200 yards from this location.

Our Number Three, 100 feet from the Big Producor known as the Pitt Well, is going down under the personal supervision of Mr. W. C. Wally and his crew.

Due to the poor service in getting equipment our Number 4 has been delayed. However, all equipment is now on the ground. Rig is up and drilling should start in a few days.

A big strike is expected in the Speechley Sands on this location due to the fact that this is right on an anticline.

AN EQUIPMENT IS ON THE GROUND FOR NUMBER FIVE AND CONTRACT WITH DRILLERS LET. Rig will be erected starting Thursday or Friday and drilling will begin as soon as possible.

Locations have been picked for 6 and 7. Contracts will soon be made.

As a shareholder in the McKeesport O. & D. you will participate in all wells being drilled and all wells to be drilled in the future.

If, after hearing of the prospects for profits in this unusual opportunity, you do not tingle with enthusiasm and mail your check at once, you are unlike those who have made fortunes in oil or gas.

MANAGEMENT

MR. S. J. BRENDEL, PRESIDENT, is one of the leading lights in the McKeesport Gas Fields and is looked upon by all who known him or have ever had business dealings with him as a man in whom to place implicit confidence. His knowledge, acquired by EXPERIENCE, in the gas and oil fields and his reputation of high character and established capacity, qualifies him thoroughly as a man to be depended upon to protect the investor's interests at all times.

MR. J. E. VOGEL, VICE PRESIDENT, has had a wide practical experience in the gas and oil industry. He is one of McKeesport's oldest residents, and his business career has particularily fitted him for the position he now occupies.

Mr. B. RICHARDS, SECRETARY AND TREASURER, with the Hartunan Hardware of McKeesport. A technical man. His business career has enabled him to make a long and exhaustive study of financial and legal matters, as well as corporation management, which thoroughly qualifies him for his position of responsibility.

MR. J. S. MACK, DIRECTOR, is president of the Murphy 5 and 10 cent stores. A chain of over 30 stores in Pennsylvania. He has proven his ability as a director of big business.

MR. E. HOEY, DIRECTOR is a Building Contractor of McKeesport, and considered one of McKeesport's oldest business men.

Mr. S. J. CHILDS, DIRECTOR. Mr. Childs is a local merchant of high standing in McKeesport. His prominence in the local field again assures us prompt action and good business judgment.

Of course it's a gamble, but in the world of business everything is more or less of a speculation.

Fortunes have been made in this field—many have been made independent for life from a small investment.

FREED OF MURDER SEEKS DIVORCE

Mrs. Kate Uhl Makes Charges Against Husband And Asks Custody of Children.

Cumberland, Md., February 11—Mrs. Kate Uhl, who was freed by a jury Saturday which found her not guilty of the killing of Edgar Bryan Pownall, of Three Churches, W. Va., came to Cumberland Tuesday from Mt. Savage, accompanied by her father, Thomas A. Geary, and following a conference with her attorneys, Saul Praeger and David A. Robb, started proceedings for an absolute divorce from her husband, Mervin Uhl, who it is understood left the city Sunday. His destination was said to be Philadelphia.

In her bill of complaint, which was filed here Tuesday afternoon in the circuit court Mrs. Uhl charges her husband with having committed adultery with women of questionable character. She also charges cruelty on the part of her husband and alleges that he has not given the proper support to her nor her children and asks that she be given permanent custody of her two daughters, Virginia, aged 17 months; Jane, aged 3 years, and her son, Russel, six years old. She promises in her bill of complaint to provide for them at the home of her father.

Are You Short of Manure?

With ordinary commercial fertilizers costing more than double the usual price, make your manure go as far as possible by reinforcing it with

BARIUM PHOSPHATE

guaranteed:

Total Phosphoric Acid, GRADe A 28 per cent, GRADE B, 16 per cent.

Total Barium Sulphide, GRADE A, 7 per cent, GRADE B, 7 per cent.

It is a fact that a few loads of manure to the acre, used in combination with a liberal application of "B-P" will produce better crops than twice that amount of manure used alone.

MANURE IS NO MORE A COMPLETE RATION FOR CROPS THAN HAY IS FOR A COW.

The addition of Barium-Phosphate to manure will pay as well as feeding grain with hay.

Our pamphlet, "How To Increase The Value of Manure with PHOSPHORUS" will give you some worth while information. Let me send it to you, and quote prices.

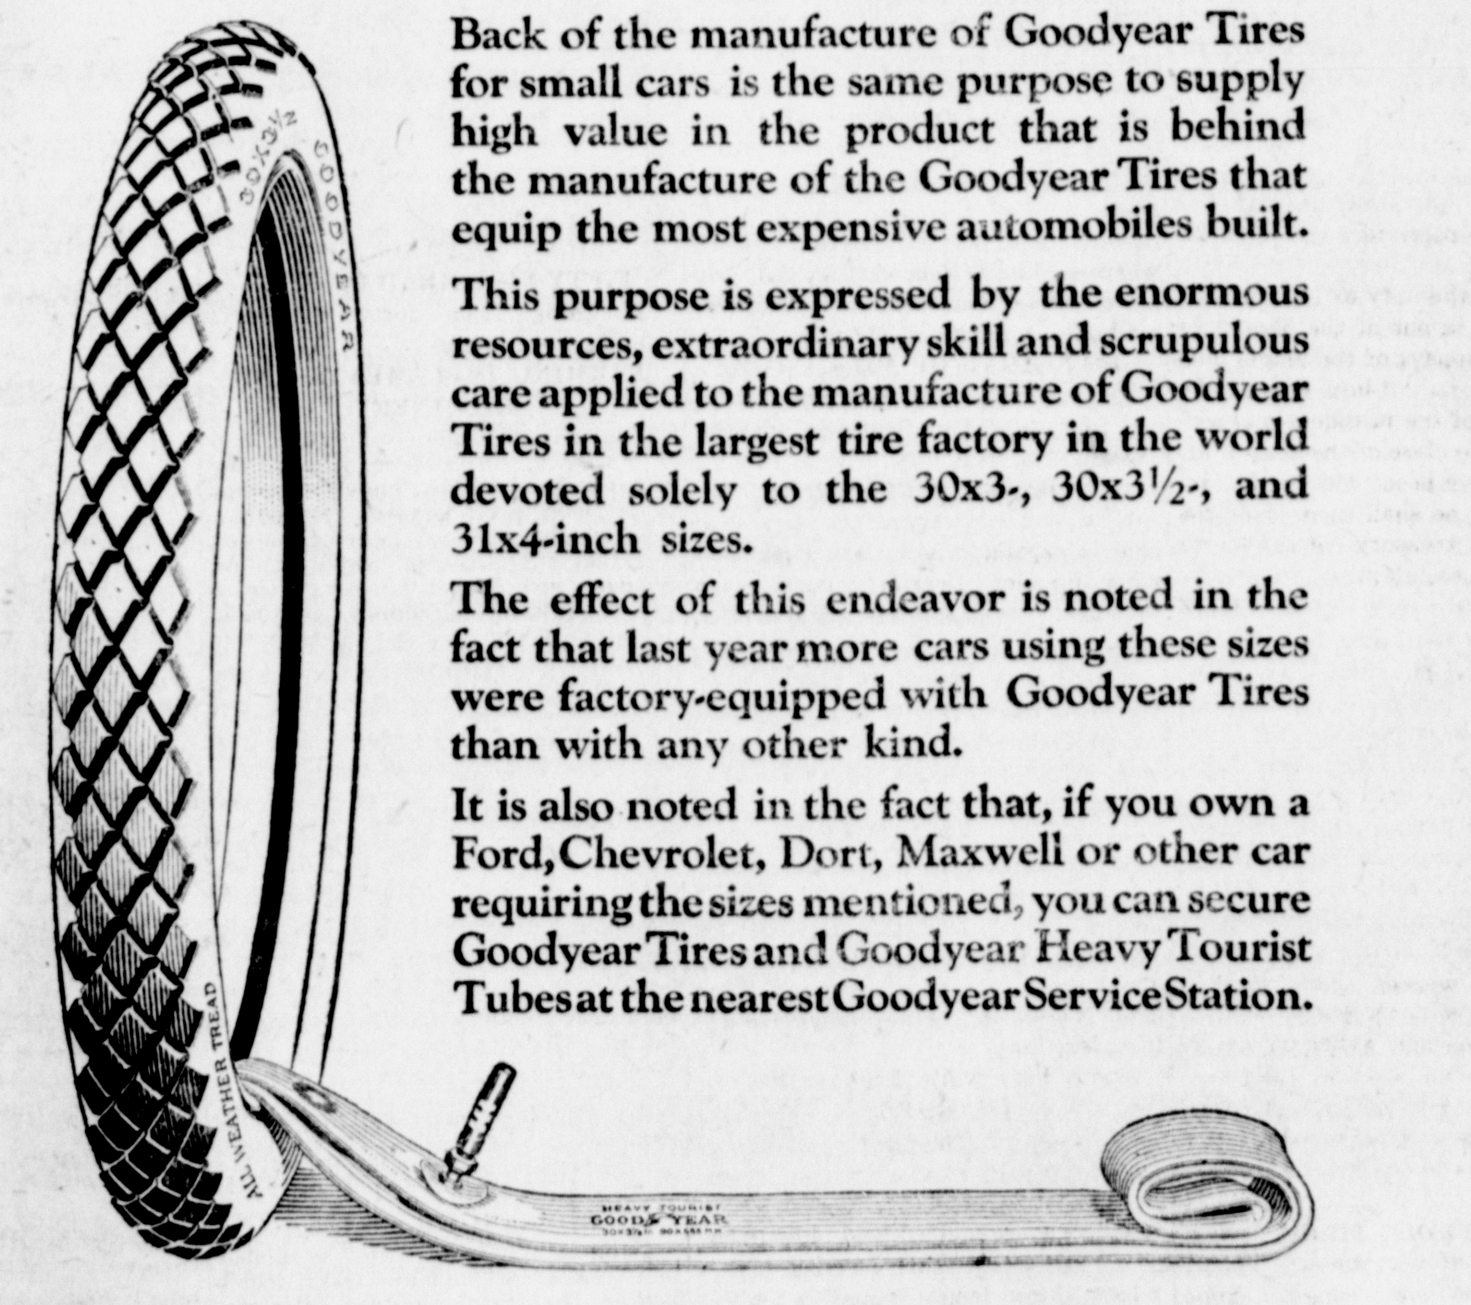
Big Value in Tires for Small Cars



Back of the manufacture of Goodyear Tires for small cars is the same purpose to supply high value in the product that is behind the manufacture of the Goodyear Tires that equip the most expensive automobiles built.

This purpose is expressed by the enormous resources, extraordinary skill and scrupulous care applied to the manufacture of Goodyear Tires in the largest tire factory in the world devoted solely to the 30x3-, 30x3½-, and 31x4-inch sizes.

The effect of this endeavor is noted in the fact that last year more cars using these sizes were factory-equipped with Goodyear Tires than with any other kind.

It is also noted in the fact that, if you own a Ford, Chevrolet, Dort, Maxwell or other car requiring the sizes mentioned, you can secure Goodyear Tires and Goodyear Heavy Tourist Tubes at the nearest Goodyear Service Station.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread $20.00

30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread $17.65

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water-proof bag $3.90

EXCHANGE SITUATION BAD

If Not Adjusted Commercial Chaos Will Follow.

Washington, Feb. 11—Declaring that foreign exchange had become the "sinister international problem" within the last six months and unless adjusted soon "commercial chaos" would overwhelm international trade, Senator Thomas, Colorado, urged in a speech today the re-establishment of the old ratio between gold and silver and the creation of international bimetalism.

"The time has come," he said, "when America should take the initiative and renew its proposal of 1897 for the establishment of a parity between the ancient monetary metals, whose relative values now oscillate between 15½ and 15 to 1."

DRYS VOTE WET

For First Time In 200 Years Town Wants License.

Provincetown, Mass., Feb. 11—Provincetown's "old timers" gasped Tuesday with surprise.

For the first time in 200 years Provincetown voted for license at the annual town meeting held Monday. The vote was 206 to 162. Some of the old-timers declared the younger voters cast a "yes" vote just for a joke, while others asserted that the vote is a rebuke to National prohibition.

Tyringham, in the western part of the state also wants license for the first time, and Stockbridge, seat of the fashionable summer colony in the Berkshires, which has been a steady advocate of no license voted license 112 to 79.

COLLEGE COW MAKES RECORD

Toronto Blacky Produced 9854.7 Pounds of Milk In year

State College, Pa., Feb. 11—Penn-State's Toronto Blacky, a pure-bred Jersey, bred and raised by the Pennsylvania State College, has just completed a year's test, in which she produced 9854.7 pounds of milk testing 5.4 per cent and containing 532.28 pounds of butter fat. At the beginning of the test she was two years old, which makes her rank third in Class 2 in this State. During the test she received ordinary care, but was milked three times a day. She stood in stanchions with the rest of the college herd. She carried a calf 230 days of her test.

HOG PERMITS 1920

All persons desiring to keep hogs in the Borough of Gettysburg, except in the restricted zones must secure a 1920 Hog Permit from the local health officer, David M. Crist, whose office is in the building occupied by the Electro-Mechanical Co., corner of Chambersburg and Washington streets.

The permits are issued free of charge, and shall be subject to revocation whenever the conditions existing in and about the pen are found by the pen are found by the Board of Health to be insanitary or a menace to health.

To raise hogs in great numbers and fatten them for the market is overstepping the plan of families keeping enough hogs to supply them with their own pork, furthermore it is an imposition on the citizens who live in the section of town where these piggeries exist.

Good Gracious! How My Back Aches!

That's Many a Woman's Complaint—It's Work All Day Without Rest. Sometimes the Feet Swell and Ache—or the Head Aches

It's all due to an over-abundance of that poison called uric acid. The kidneys are not able to get rid of it. Such conditions you can readily overcome, and prolong life by taking the advice of Dr. Pierce, which is avoid too much meat, or tea. Drink plenty of pure water, preferably hot water, before meals and drive the uric acid out of the system by taking "Anuric." These anti-uric-acid tablets can be obtained at almost any drug store, in tablet form, and will dissolve uric acid as hot water dissolves sugar.

You know that before an insurance company will take a risk on your life the examining physician will test your water, and report whether you are a good risk. You should send a bottle of water to the chemist at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and you will receive free medical advice as to whether the kidneys are affected.

When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or twinges and pains of lumbago, rheumatism or gout; or sleep is disturbed two or three times a night, take heed, before too late. Get Anuric (anti-uric-acid), for it will put new life into your kidneys and your entire system. Listen to this:

Wampum, Pa.:—"I was dreadfully afflicted with my kidneys and my back hurt me so intensely at times I could hardly endure it. I got some kidney pills and took three boxes but they did me no good. After taking them I was disturbed at night just the same. Hearing of Dr. Pierce's Anuric Tablets I sent for some and that one package helped me so much I was almost entirely cured, and am now feeling fine, can do lots of work. If you are troubled with your kidneys I advise you to get Dr. Pierce's Anuric Tablets; they cured me and should cure you."—MRS. E. L. FOSTER, Box 85, Route 2.

Send 10 cents to the Invalids' Hotel, Buffalo, N. Y., for trial package.

Thousands of [illegible] Risk Lives In Brave Effort to Reach Palestine

JUSTICE BRANDEIS, HONORARY CHAIRMAN OF ZIONIST ORGANIZATION

WHITHER

THEODORE HERZL, FOUNDER OF ZIONISM

Millions of Jews throughout the world are awaiting the word that will permit them to start again another Exodus to the Promised Land.

In every quarter of the globe, impatient thousands are waiting with tense eagerness for the great word which will enable them to go to the one land where they believe they will find peace and the spiritual satisfaction of national existence,—the Land of Israel.

This signal will come with the signing of the treaty of peace with Turkey, establishing a British mandate over Palestine and paving the way for the formation of a Jewish National Homeland, where the tense mass-desire of these millions of modern Pilgrims will be realized.

There is no country in the world without its large group of Jews waiting with agonized impatience for the time when mass-migration will be opened to the Holy Land. The Zionist Organization of America, which is endeavoring to raise $10,000,000 for carrying on restoration work in Palestine to prepare it to receive this world wide Exodus, reports that its most serious problem is to restrain this mass-migration, which threatens at any time to break through and start for the Holy Land. Reports have been received telling of Jewish men and women arriving at Constantinople, Odessa and Trieste, many of whom have trekked across Siberia, Russia, Poland and Austria on foot, in an effort to reach Palestine. Hundreds have risked their lives in small fishing smacks sailing from Odessa or Constantinople, hoping to smuggle their way into Palestine via the Black Sea and the Mediterranean. No one knows how many have been drowned in this mad enterprise.

Plans have been made to handle this world-wide migration through Copenhagen, London and Haifa. Official reports issued by the International Zionist Organization show that organized in this great mass-desire to reach the Holy Land are 1,000,000 Jews in Russia, 500,000 in Poland, 30,000 in Argentine, 40,000 Russian prisoners of war held in Germany, as well as thousands of leading German Jews, 20,000 in Hungary and over double that number in Austria, 5,000 engineers of the Czecho-Slovakian army and over 90 per cent of the entire Jewish population in the Fast East, as well as 9,000 German and Austrian prisoners of war held in Siberia.

In addition, there are large groups in Persia, Morocco, Algiers, Tunis, Turkey, Bulgaria, Jugo - Slavia, Greece, organized to leave, as well as masses, including leading professional men in every European country and Canada. In the United States many professional men and women have volunteered their administrative services in establishing the new country, the first 5,000 applicants from this country representing 134 different vocations ranging from laborer to specialist.

Why Druggists Recommend Swamp-Root

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder medicine.

It is a physician's prescription.

Swamp-Root is a strengthening medicine. It helps the kidneys, liver and bladder do the work nature intended they should do.

Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it should help you. No other kidney medicine has so many friends.

Be sure to get Swamp-Root and start treatment at once.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.

QUESTIONS FOR POLICE

Applicants For State Constabulary. Get Stiff Examination.

Applicants for enlistment on the Pennsylvania State Police force now have to answer a questionnaire in which one of the questions is whether the man feels that he can "disregard partisan criticism or face death in order to perform your duty?"

Since the close of the war, the State Police force has been enlisting only men with Army or Navy or Marine Corps records, preferably men who were in action overseas. Deputy Superintendent L. G. Adams, who is now in charge of the enlistments, has announced that the questionnaire was a part of the application and that men would have to go on probation for four months. The questionnaire includes inquiries as to moral character, with references; facts as to physique that will permit unusual hardships; conception of the duty of a policeman to enforce the law without regard to class, creed or color; promise to give best service; inquiry as to ability to withstand criticism and this inquiry: "Have you sufficient self control to refrain from personal vengeance when you are personally insulted and assaulted while in performance of your duty?"

Owners' Approval Is Like a Rousing Cheer

The Cleveland Six, from coast to coast, is establishing its place in motordom. The bitter cold days of the Northern winter have proved its ease of starting, just as the hot summer days, when hundreds of new Clevelands were being driven across the country, proved the perfection of its radiation.

The Cleveland Six is in the hands of owners all over the United States today, and the chorus of satisfactory approval from these owners is like a rousing cheer. They say the car surprises them, pleases them, delights them. Its pliant power, its simple ease of handling, its boat-like comfort, surpass all expectations.

If you hope and plan to start the new season with a new five-passenger touring car which is a real six, or such a car of roadster type with wide, deep seat of restful cushioning and plenty of stow-away space, then come in and see the Cleveland Six.

A study of this car will interest you.
A ride in it will convince you.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 10c and 25c.

"Just Pals" Father and Son

The man who has a boy growing up is usually particular about his own clothes. He wants to set a good example.

But he is even more particular about his boy. He is justly proud of him, and he wants to be proud of his clothes.

This store is the chart of FATHER and SON. It caters to every individual need—shows merchandise cheerfully and does not consider it's responsibility over when the sale is made.
